Recommendation letter for JAUME MORA BAO

Dear Mr./Mrs.:

My name is Sergi Miquel Gutiérrez; I'm CEO of **http**comunicació advertising agency. I'm writing this letter to communicate to you that I've had the privilege of supervising JAUME MORA 's work, tightly collaborating on the development of several graphic and interactive design projects.

He has always been an outstanding member of the team. Taking in account his seriousness, commitment and good spirit; taking part in our activities as a Graphic Designer for online & offline, Illustrator, Animator and also as an Art Director.

Jaume is a creative person, caring of his personal and professional development with a huge motivation for what he does in his job. Precisely this showed up in his fast and precise learning process here at HTTP, as well as the quality of adapting to change due to having to take part in very different kinds of works of very different dimensions during our collaboration, giving solutions to the cases he was comfronted to.

As a representative at **http**comunicació, and in a personal manner, I recommend you to take Jaume in account for any position he is applying for. We are sure he will achieve the greatest success in any of the works he decides to start.

Sincerely,

*Sergi Miquel Gutiérrez*
